

my boom

In Japan there is a popular term, “my boom”, that means “the thing I am currently obsessed with.” We created Boom because “our boom” is not only Japanese cuisine, but noodles, dishes and flavors from all over Asia.

We believe Asian food is best enjoyed the minute it is ready so we aim to get your food to your table as soon as possible.

We are always creating new items for future menu updates. Have a favorite Asian dish you would like us to try sometime? Let us know.
